Last to know
The first you're leaving
I got a good reason
To beg her, leave, yeah

Who brought the love to break my mom's heart
Who skipped the day for me to fall off
Who shot the lull that gave my first start
I, I did
C'mon

I don't think I'll ever sleep through the day, hey
And tell me what you want to think from this day, hey

Sing along
Ah, radio
When you're free, just jump the gun, little one

I know that all of my love the weight of one night
All of my dreams will go out of style
All of my love the fate of one fight
I, I did
C'mon

I don't think I'll ever sleep thought the day, hey
And tell me what you want to think from this day, hey

All of my dreams, waiting for me
All of the sounds that I can't see
Every way I thought it should be
My baby's alarm was triggered by me
With all of my friends
With all of my ghosts
All of the reason
Reason I want you the most

I don't think I'll ever sleep thought the day, hey
And tell me what you want to think from this day, hey
Cuz I don't think I'll ever sleep thought the day, hey
And tell me what you want to think on this day, hey
