On the road to fame  
Someone's got me pushing the weight  
Move along, move along  
You keep me pushing, while I keep moving away

Oh yeah, wish things would happen for me  
Oh yeah, I waited for you to sleep  
Oh yeah, wish things would happen for me  
Oh yeah, I waited for you to sleep

Come into town just to greet you  
I'll ask you if I have the time  
Well, moving along with everyone  
You keep me pushing, while I move slowly away

Oh yeah, wish things would happen for me  
Oh yeah, I waited for you to sleep  
Oh yeah, wish things would happen for me  
Oh yeah, I waited for you to sleep  
I waited for you to sleep

Oh yeah, wish things would happen for me  
Oh yeah, I waited for you to sleep  
Oh yeah, wish things would happen for me  
Oh yeah, I waited for you to sleep  
I waited for you to sleep  
I waited for you to sleep  
Waited for you to sleep
