It's a shame that you're gone
Losing sleep when I keep rollin' to your song
Wonder how I appear in your head?
When I keep rollin', rollin' on

I wanted to say that I love you
I wanted to say that I do, yeah
I wanted to say that I love you

When I can't disappear from your face
'Cause it's a sure shy, ooh
I'm a man who admits that's it's hard to be alone
And missin' you, missin' you

I wanted to say that I love you
I wanted to say that I do, yeah
I wanted to say that I love you

Go bet on my cry, oh, and lie
Go, go and cry, oh, and lie

I wanted to say that I love you
I wanted to say that I do, yeah
I wanted to say that I love you

I wanted to say that I do, yeah
I wanted to say that I love you
