Wondering how I figured it out?
That I just waited for you there
Wondering how I figured it out?
Now I'm just stuck inside your stare

Wondering how you figured me out?
I'm just a nobody who cares

Say, love should flow
Only I can say so, oh

Alright, okay lay me down
If she's good all time, all around
Alright, okay lay me down

Give me a sign, say it's okay
Need it to make it through the day
Give me your hand, send me your soul
I need it so I can feel control

Say, love should flow
Only I can say so, oh

Alright, okay lay me down
If she's good all time, all around
Alright, okay lay me down, sing

Baby, you can bring me down
If only I can make you found
Baby, you can bring me down
I promise not to make a sound

Alright, okay lay me down
If she's good all time, all around
Alright, okay lay me down
If she's good then I like how it sounds

Alright, okay lay me down
If she's good then I like how it sounds
Alright, okay lay me down
No, no, no
