You should have tried
to explain
the heartache inside
or so you claim
then ill be impressed
and finally rest

Oh send my loving ooooooh
its the least i can do

Allow me the ringing
in your ear
and ill be the silence
that you hear
and ill be impressed
and finally rest

oh send my loving ooooooh

Another moment
another signal
if you wont hold me
ive got to go - oh
under the spotlight
you give me stage fright
if you wont hold me
ive got to go - oh

Throw you a line
if you please
ill see you tonight
on your knees
and ill lead the way
you'll beg me to stay

oh send my loving ooooooh
its the least i can do

Allow me the ringing
in your ear
and ill be the silence

that you hear
and ill be impressed
and finally rest

oh send my loving ooooooh

Another moment
another signal
if you wont hold me
ive got to go - oh
under the spotlight
you give me stage fright
if you wont hold me
ive got to go - oh

la la laa aa oooooooh

la la laa aa oooooooh

Another moment
another signal
if you wont hold me
ive got to go - oh
under the spotlight
you give me stage fright
if you wont hold me
ive got to go - oh
