Put aside
Then it come like you

Fuck them niggas
They talk too much
And they handle loud but
What free lunch
Get off my line you ain't givin this here
i've been tryin stack mine till the end of the year
got a sweet 16
And i love that hoe ..they wanna buss em
But i don't mind it though
Mina my right hand, Miss .. my left
Wanna come with when i leave my steps
And i tell them hoes no start no mess
And i'm so stoned out
Republic can my click be
Who you ..f'em
About my .. and about my bitch
about my team and about..
about my them hoes, about them ..
if you with it come get it
Let em know this nigga

They know this nigga
They know this nigga

They know this nigga

Thanks to garbo
