Remember Me

Is this the way things have to be?
Stick in the ways of misery
Like in a room that's meant for two
At certain times, at certain views

You always wanted to be alone
Well heres your chance now easy task
But if you fail there is no point
Well there's just one thing

Remember me
Remember me

Well what was wrong with you today?
Is it the same as yesterday?
The tears with you, the tears with me
I guess our loss was meant to be

And I don't wanna be alone
But I don't wanna be with you
But there's no choice for you to make
But there's just one thing

Remember me
Remember me

I wasn't one of the only ones
I wasn't one of the only ones

Remember me
Remember me

I wasn't one of the only ones
I wasn't one of the only ones

And when these things got away
It doesn't get another day
To think I'd turn my back on you
Forget the times when we were two

You never wanted to be alone
Well heres your chance, now have your fun
Its time, the truth for everyone
Before you hear me say

Remember me
Remember me

I wasn't one of the only ones
I wasn't one of the only ones

Remember me
