Everytime I do it makes me laugh  
How did our eyes get so red  
And what the hell is on Joey's head

And this is where I grew up  
I think the prison outa fix it up  
I never knew we'd ever went without  
The second floor is hard for sneaking out

And this is where I went to school  
Most of the time I had better things to do  
Criminal records said I've broken twice  
I must have done it half a dozen times

I wonder if its too late  
Should i go back and try to graduate  
Last man and now that it was back then  
If I was them I wouldnt let me in

Oh oh oh  
Oh god I

Every memory of looking out the back door  
I have the photo that was printed on my bedroom door  
Its time to say, time to say it  
Goodbye, goodbye

Every memory of walking out the front door  
I found the photo of the friend that I was looking for  
Its time to say, time to say it  
Goodbye, goodbye

Goodbye

We used to listen to the radio  
And sing along with every song we know  
We said someday wed find out how it feels  
To sing to more than just the steering wheel

Kim's the first girl I kissed

I was so nervous that I nearly missed  
She's had a couple of kids since then  
I haven't seen her since god knows when

Oh oh oh  
Oh god I

Every memory of looking out the back door  
I have the photo that was printed on my bedroom door  
Its time to say, time to say it  
Goodbye, goodbye

Every memory of walking out the front door  
I found the photo of the friend that I was looking for  
Its time to say, time to say it  
Goodbye, goodbye

I miss that town  
I cannot believe it  
So hard to stay  
So hard to leave it

If I could I relive those days  
I know the one that would never change

Every memory of looking out the back door  
I have the photo that was printed on my bedroom door  
Its time to say, time to say it  
Goodbye, goodbye

Every memory of walking out the front door  
I found the photo of the friend that I was looking for  
Its time to say, time to say it  
Goodbye, goodbye

Everytime I do it makes me laugh  
Everytime I do it makes me
