Don't live fearing or fighting for a meaning
We're not suppose to know

E-V-O-L-U-T-I-O-N
is my solution to answers
your bible calls a sin
It's evolution

Free thought's not bought
and if you stop and think
That's why they're not selling it (to you)

Don't give in or give up on understanding
'cause that's all we got

Hope helps us to breathe and find our way
through evolution the color of hope
beats a world of grey it's my solution
God don't know what I'm feeling
And I'm not scared to face life all on my own

And the lord says think not for yourself
close thy mind & with generous donation
you shall gain generous salvation

Show me your god I'll show you my mine
We can pretend we're all gonne win
Life is a joke where noone laughs at the end
so why are you so scared
