I'll tell you why  
I'll tell you why my heart is crying  
'cause i know what could've been  
It is the end of our dream  
You were my baby  
I trusted you too much maybe  
I made my last mistake a clean break  
Different names, different blames  
No more games

Chorus:  
I'll do it anyway  
Whatever they will say  
I'll do it anyway now  
I will forget yesterday  
I'll do it anyway  
You know that i can't stay  
So now i'm on my way -yeah  
I will forget yesterday, yesterday

Just one way out  
And even if this means confusion  
I know each day that it's wrong  
No reason left to carry on  
Well maybe you saved me  
From all the dangers i did not see  
But now i seem to survive  
Still alive  
No more fights, wrong or rights, no more frights

I'll do it anyway  
I'll do it anyway

Chorus:  
I'll do it anyway  
Whatever they will say  
I'll do it anyway now  
I will forget yesterday  
I'll do it anyway  
You know that i can't stay  
So now i'm on my way -yeah

I will forget yesterday, yesterday
