Here I go again  
Slipping further away  
Letting go again  
Of what keeps me in place

I like it here  
But it scares me to death  
There is nothing here

The light is beautiful  
But I'm darker than light  
And you are wonderful  
But this moment is mine

All of this dust, all of this past  
All of this over and gone  
And never coming back  
All of this forgotten, not by me

I find comfort here  
'Cos I know what is lost  
Hope is always fear  
For the pain it may cost

And I have searched for  
The reason to go on  
I've tried and I've tried  
But it's taking me so long

I might be better off  
Closing my eyes  
And God will come looking for me  
In time

All of this dust, all of this past  
All of this over and gone  
And never coming back  
All of this forgotten, not by me

All of this dust, all of this past  
All of this over and gone  
And never coming back

All of this forgotten, not by me

I can see myself  
I look peaceful and pale  
But underneath  
I can barely inhale

I can hear myself  
Singing that song  
Over and over  
Until it belongs to me
