if they don't know and they don't know they're gonna
find out soon enough.
i'm so hot. as if that hurt. did you wash it. fester it
around some.
you don't even have to mind your own stuff. bring in
the marines.
i've heard so many other things and it was all brown.
with the suction ones.
the ones that suck it up. and i don't ever do the eye till i
did that thing.
i bet you like a blue boost. try a noose.
loosen the strap where the two metal ends. rest your
head against the steel.
blow in to the tube. show me your legs. help me. show
me a pink smile.
walking up the aisle. show me the things underneath
your seat.
show me your tiny plastic soft drink. a song like a
squealing pig.
like a train with wheels. in the dark with the lights off.
concealed.
i'm thinking of you still.

white room. little legend. fishman. nike man. red stripe.
blue mercedes.
big dog. salty man. full moon rising. old boy. salty girl.
bunny girl.
happy shopper. bouncing ball. city sun. think i found the
real stuff.
i think i found the real stuff. white crumbs across your
bed.
gray clouds cover bethnal green. white jeans. black top.
nice shape.
cracks a blue bitch till the son come sliding. naked
beneath the knee.
reflect black eyes. your knee talking. i think i found the
real stuff.
i think i found the real stuff.
