She said, you can do anything you want
She said, you can be with anyone
She said, you can go anywhere you want
She said

She said you can say anything you need
She said you can be anywhere you feel
She said just pick up the phone

[Incomprehensible]
Confusion the waitress

She said, don't go dark on me again
She said
She said, the silence in the silence
I see you my confidence

She said, loophole how are you?
She said, oh, no, once again the superstar
She said, he loves you but
Can you name me his children?

She said, oh, the god you lost again
She said, the color of your boyfriend
She said, get out of bed
And answer the phone

She said, in the belly of St. Paul's again
She said, Goodyear rubber man
She said, I'm smiling with the sun
She said, two years is a small price

She said, loophole how are you?
She said, once again the superstar
She said, look at the size of it
She said

She said, you can do anything you want
She said, you can be with anyone
She said, you can go anywhere you want
She said

She said, you can say anything you need
She said, you can be anywhere you feel
She said, just pick up the phone
