light up the darkness
I'm violently in love
the waitress smiles
the music's too loud
my body hurts

light up the dark
light up the dark
I'm violently in love
the music's loud
the music's loud
the music's too loud
my body hurts
my body hurts
you leave the room
and just for a second the silence is like a blessing

lovers kiss
lovers whisper
be men and green men
in the underground
in the underground
this is not what I expected

light up the dark
light up the dark

I'm violently in love
the music's loud
the music's loud
my body hurts
you leave the room
you leave the room and just for a second
the silence is
the silence is like a blessing

the rhythm between us trembles
snatching seconds alone with you
and the heat comes from your eyes
and the soft voice falls out the sky

smooth skin

close your eyes
eyes behind glass
smooth skin
close your eyes
and the sky turns red
and the rails slip beneath us

light up (repeat)
