(Anatano yume ni watashi wo tamoteru)  
Can you hold me in your dreams  
(Watashi wo kanjiru koto ga dekiruno)  
Watashi ga anata wo kanjiru youni)  
Can you feel me like I feel you?

Goodbye, mother earth

I don't want to kill time, I want it to live  
I'm not wasting this life, I'm letting it in  
You just rip off the planet and take what you want  
I'm coming to get you if you don't give up

Beautiful destination, what's it worth  
Beautiful destination, goodbye mother earth

I am all that surrounds you  
The earth and the sky  
You, you're the mouth and the money  
That's bleeding me dry

Why?  
I am not a spirit of the world  
I heal the spirit of the world  
I am not a spirit of the world  
Goodbye mother earth

(Kocchi da)  
It's a beautiful destination, for what it's worth  
A beautiful destination, goodbye mother earth

It's a beautiful destination, for what it's worth  
It's a beautiful destination, goodbye mother earth
