I want to see in a different light
I want to be in a different light
I want to love in a different light
From the inside to the outside

Somethin' ain't right
Got to be wrong
Livin' inside of my own private Babylon
Can't find the line
'Cause it's never been drawn
Gotten to the point wher el just don't feel anymore

Why should I bother
Spending my time
Lending a hand could make me
Lose my place in line
Mirrors and motives
Are clouding my view
Only lookin' for the ones who'll get me
Where I'm going to

Repeat Chorus

The sun doesn't care
Shine on us all
Don't make a difference rich or poor
Great or small
Help me remember
Faith like a child when I'm walkin' the wire
I've got different eyes to see
When You're right there in front of me

Repeat Chorus

I'd be lyin' if I said I could do it on my own
Only One can bridge the miles in between us
Though I need a lot of help
If I'm gonna have the eyes of Jesus

Repeat Chorus to end
