"On and on"

Visit "[On and on](#)" on MotoLyrics.com

Part of me is shutting the door
I'm afraid to let You inside
Yet I know You're worth waiting for
Oh, Jesus, won't You give me a sign

Something to show for my tears
Won't You help me shake these fears

Chorus
On and on and on
Come and save me with Your love
Only You can move me, heal me, free up my mind

Why couldn't it be
A simple yes or no
It should've been so easy
But I played a game of stop and go

Want something to show for my tears
Won't You help me shake these fears?

Repeat Chorus

Well, it's all or nothing
So help me to start
'Cause this indecision's so hard on my heart
And even if I fall, You'll rescue me

Repeat Chorus to end
