"Soul salvation"

I've been trying to work out my soul salvation
I've been searching hard though I'm not sure what for
Still I've been trying to walk on towards my destination
But I can't seem to get up and get out the door
anymore

Well, I've been trying to keep on keepin' on with the
feeling
But I know sometimes you just can't trust what you feel
So I've been tryin' to walk on the fine line of distinction
between
The truly righteous and the truly real

Chorus
(Yeah, yeah, yeah, yeah, yeah, yeah, yeah)
Help me to work out my soul salvation
(Yeah, yeah, yeah, yeah, yeah, yeah, yeah)
I'm trying to work out my soul salvation

That backbone you said you seem to be missin'
'Cause I've never really known you to be so in between
So I just stood like Gibraltar with no real earth to stand
on
And I tries to play it off like, "I'm not quite sure what
you mean"

Repeat Chorus twice
