I hear you baby. Emotional productions
we make what you need

I don't want fall in love with you
Cause I know you'll break my heart so soon
Open your door like lady cat
Let me in, girl, this is a love attack
I'm here tonight cause you called me
And your boyfriend is somewhere you don't want him
You want me right here right now
I fell in love with your body, but not with you
Baby I don't want it

Chorus:
Secret lover (repeat)
Your lover (repeat)

Tic tic tac, time has come!
It's passion!
Pleasure is so fresh
Mounlight is so blue as we like
So incredible
You want me right here right now
love rocking
I fell in love with your body but not with you
oops! it's your boyfriend's knocking
Secret lover (repeat)
Don't know fall in love with you
Cause I know you will break my heart so soon

Thanks to feel
