Must have been livin' right the day I met you  
Had to be a starry night, my dreams came true  
I don't deserve him, I don't understa-and  
I'm gonna love you the best that I can

Yes I'd die for this da-ance  
To hold you, to talk of roma-a-ance  
I've never been lucky, but I've got to take the cha-a-a-  
ance  
I'm caught up in some kind of tra-a-a-ance  
And yes I would die for this dance

Where did you come from, I know where it seems  
Maybe an angel smiling on me  
I know it's crazy, you've taken my heart  
I'll never leave you, you're my missing part

Yes I'd die for this da-ance  
To hold you, to talk of roma-a-ance  
I've never been lucky, I've got to take the cha-a-a-ance  
I'm caught up in some kind of tra-a-a-ance  
And yes I would die for this dance

I feel like I'm losing control  
It's got to my heart and my sou-ou-ou-oul  
I'm seeing my future unfold  
I can't let go of you, I need you

Oh I'd die for this da-ance  
To hold you and talk of roma-a-ance  
I've never been lucky, I've got to take the cha-a-a-ance  
And yes I would die for this ...  
Die for this da-ance  
To hold you and talk of roma-a-ance  
I've never been lucky, I've got to take the cha-a-ance  
Yes I would die for this da-ance  
Yes I would die for this dance...
