It's 4 in the morning, and I'm still waiting  
You say you didn't wanna go out  
Got forced by the friends who thought  
That distance is ,  
Girl we was so tragic  
Now I'm lying alone, with someone I barely know  
And now I'm regretting that  
Nights and visions got me paralyzed  
Knowing you moved on and I'm stuck with these nights  
Regretting that nights and visions of a , the past  
And now I'm breaking down, I can't rewind it back

I'm just sayin', I could have done better  
And now I'm waiting for another chance, I  
Would you believe in it if I said that I was better  
Girl tell me how you,

Got a text from your girlfriends,  
They saw you leave with another man  
Why the fuck you telling me for?  
I felt my heart sick but I  
I guess I made this, now  
I should have seen it come now  
Now I'm lying alone, with someone I barely know  
And now I'm regretting that  
Nights and visions got me paralyzed  
Knowing you moved on and I'm stuck with these nights  
Regretting that nights and visions of a , the past  
And now I'm breaking down, I can't rewind it back  
Can you rewind it back, no no,

Girl I'm just sayin', I could have done better  
And now I'm waiting for another chance, I  
Please believe me when I say that I am better  
So tell me how you, lately?
