So you know I'm bout to K.I.L.L. people say I'm crazy
maybe so I need to go and take a P.I.L.L.
They should lock me up and throw away the key and
put me in a C.E.L.L.
They say they don't like the way I'm spitting fuck 'em
they can go to H.E.L.L.
For R.E.A.L. LET'S GO

[Verse 1]

Don't play me man it's kill or be killed
Fuck with me then blood is getting spilled on the field
I'm going crazy no refill on my pills
Ain't no use in anybody trying to tell me to chill, or cool
off, cause the screws off
In my head ain't tight they loose ya'll better try ta get a
move on, get a u-haul, dog, a Ryder truck
Before I slice you up and put your body in the
boondocks
I was doing it when Busta was saying Woo Ha!
When Boyz II Men was the shit and was singing Doo-
Wop
We was sticking two Phillies together calling 'em ooh-
wops what you mad nobody knew who you was
Man, a brew buzz, wasn't never enough we crushed
anything we knew that we could toot up
Our nostril we pop pills and do bumps, falling out the
sky like parachuters
Who wants drama wanna come and rumble with the
champ, better not be on no weak shit, cause when it
comes to rap I got it locked like it's a prison camp
These little kids can scam or tell 'em bow down kiss
the hand
When they get put in their place at first they wouldn't
embrace me now their faced with admitting that I got
what it takes
And I'm a stay killing records tell 'em murders the
case, until the day they consider me as one of the
greats, I'm bout toâ€¦

[Verse 2]

Here I come tell 'em bombs away and when I say that
I'm coming that means I'm probably cumming on your
baby mamas face, the shit's easy I put on some Drake
we Drank yellow tail Chardonnay and that was all it
takes,

I'm taking over so wake up and smell the coffee cakes,
these other guys are fake they talk a lot but wouldn't
squash a grape

Don't discombobulate them with me we are not the
same, get out my lane, put on your breaks, and taste
the marmalade

The fact I'm winning got you jelly, your hype is dying
down now your record isn't selling,

Your pride got you too competitive and scared of
failing, you chilling in the club and they like Ritz is in
the building and it's killing you

Any who, I be in a kiddie pool with liquor and some
hoes these other rapper's are miniscule

Anybody that's coming at me can get it too, take it too
far and end up kissing my tennis shoe

Now let me see your titties boo, cause all I see is pics of
your kids on the internet no body wanna see them, we
can be friends, we can pretend that it's cheese dip on
your face when we know it's really semen

Let your knees bend and show the homies the bulls
eye, Move ya booty like you was trying to hula hoop

My God, now suck it like you was bout to use a hoover
vacuum that dude is stupid in the booth I

Or a monster killa homie cause no one can help them
Jealous of me cause I make the shit that nobody else

out
On every single record other rappers bout to blow em
out
The water it's a slaughter why you talking shit you

These motherfuckers adding up to no amount they
know I'm bout to
