

Mars Volta, The "Take the Veil Cerpin Taxt"

Visit "[Take the Veil Cerpin Taxt](#)" on MotoLyrics.com

You must have been phlegmatic in stature
The gates of thanos are a spread eagle wide
You let the shutters make sackcloth and ashes
Out of a blind mans picaresque heart

You take the veil
You'll take the dive
You take the veil

It's not over till the tremulant sings
These ides of march
Are they so make believe
How tempts the revenant
Slice up and not across

You take the veil
You'll take the dive
You take the veil

A mass of gallon sloth (they are gonna get you)
As flys have walls for feet
A rapturous verbatim (you better run)
someone said but who is to know
And when you find the fringe (they won't let you)
The one last hit that spent you
You'll find the ossuary (you better fight)
Spilling by the day

Iconoclastic had it coming for years
They know the prisons that you have yet to fear
Where thumbs hide inside of sleepingbag mouths
Adlib your memoires by casting a drought

You take the veil
You'll take the dive
You take the veil

A mass of gallon sloth (they are gonna get you)
As flys have walls for feet
A rapturous verbatim (you better run)
someone said but who is to know

And when you find the fringe (they won't let you)
The one last hit that spent you
You'll find the ossuary (you better fight)
Spilling by the day

Knife me in
hobbeling
Talking in it's sleep again
Knife me in
hobbeling
Talking in it's sleep again ...

Knife me in
hobbeling
Talking in it's sleep again
Knife me in
hobbeling
Talking in it's sleep again...

Virulent hives
of bedpost piles
Virulent hives
Ravenous heards

Who brought me here?
Forsaken depraved and wrought with fear
Who turned it off?
The last thing I remember now
Who brought me here?
Forsaken depraved and wrought with fear
Who turned it off?
The last thing I remember now
Who brought me here...?
