Don't You Pretend  
That I'm Not Alive  
My Bones Never Ache  
Unless She's Nearby  
Where Is Your Face  
In A Safe Of Dead Tongues  
I Can See Your Reflection  
In Your Totem First Born  
I Suspect  
You've Been Carrying A Pack Of Wolves  
I Regret  
Not Killing You While I Had The Chance

Maybe I Will Always Haunt You  
Mark The Somnolence With Truth  
Better Hang Your Dead Palace  
Than Have A Living Home To Lose  
In The River Ganges God Damns My Name

Don't Let These Hands  
Sharpen Your Eyes  
A Rasp Of Tails
