I thought I knew you
But I was wronged
These waves of Torment
Drowning me, for so damn long
Inhibitions speak - it seems like now, and forever

You don't - You don't have to break me
I swear next time, I'll let you know
You won't - You won't get to break me
I swear next time, I'm letting go

This fear and guilt, they've held me down

Conscience breathing deeper
Seeing light for the very first time
The tides they turn and push me down (push me down)
Confrontation speaks - seems like now, not forever
And in my mind I'm gaining ground (i'm gaining ground)

You don't - You don't have to break me
I swear next time, I'll let you know
You won't - You won't get to break me
I swear next time, I'm letting go

One last time
This wasted time
My troubled mind
I'll let you know - One Last Time

This wasted time
My troubled mind
I'll let you know - One Last Time

One last time

This broken hold
My fragile soul
I'm letting go

For the last time (x3)

I'm letting go

For the last time (x3)

I'm letting go
