Consumed by
Self loving pain, self loathing bliss
It eats away
Burns you like a cancer

The feeling's inside mask your size
With your will
Now you fall
From heart and soul

Break years of frustration
All to plain to see, ease into war
Invade with foul fingers
Lie to purify, crushing what's not you

They say some are born with a blackened heart
Fell to the curse of a bastard life
They say some are born with a blackened heart
Fell to the curse of a bastard life
Cursed with a bastard life

Your lust to celebrate your name
Will cause your fall, your fall
Can't change years of frustration
All have yearned to see the pedestal crumble

Ignored acts of aggression
Falsify to slave
Avoiding all that's true

You stand up
Then you fall, then you fall
Heartless soulless appetite

You're crossing almost every line
Now it's time to
To wash away
(You lost your way)
To wash away
(You crossed the line)
To wash away
(You lost your way)

To wash away
(You lost your way)
To wash away
(You crossed the line)
To wash away
(You lost your way)
