Ooo and it's alright and it's comin' 'long

We got to get right back to where we started from

Love is good, love can be strong

We got to get right back to where we started from

Oh-ohhhhh

Do you remember that day

(That sunny day)

When you first came my way

I said no one could take your place

And if you get hurt

(If you get hurt)

By the little things I say

I can put that smile back on your face

Ooo and it's alright and it's comin' 'long

We got to get right back to where we started from

Love is good, love can be strong

We got to get right back to where we started from

A love like ours

(A love like ours)

Can never fade away

You know it's only just begun

You give me your love

(Give me your love)

I just can't stay away

I know that you're the only one

(Repeat chorus to fade
