Uh yeah alright, Uh weil alrriiight
Well Alright Yeah

(Would you love me)

Its a celebration clap clap bravo lobster and shrimp and
a glass of mescado for the girl who's a student and her
friend whos a model

Finish the whole bottle and we gonna do it big like this
Yeah and he was just practice, he aint in your world you
could take him off your atlas

Girl your on fire can i be the one you match with,
i'll give you a credit card and baby you could max this
out

Show me where your tats is show me where your hands
at maybe i could grasp it

They say if you get em then you could understand
them better

And she known to be a cheater but that only if you let
her
yeah

And I got it together

So when they talking trash they tryna turn me but its
like whatever

tell em i appreciate the help
but i just gotta know for myself

would you love me if i couldn't sing songs,
if i couldn't take you home
would you love me if i couldn't buy you things,
shoes and diamond rings
would you love me if i spent my life,
with the same 9 to 5
would you love me if i couldn't give it all to you (you)

would you love me if i didn't say
baby you're looking fly today
would you love me if we can't break away,
take you on a holiday yeah
would you love me if i say things i don't mean
would you leave or stay

girl would you love me, i say maybe
if things goes wrong would you leave me
now would you love me, i say maybe
if it goes wrong, would you stay or would you go
Would You Love Me

This life style is filed this shit will damage ya
Especially when you think no ones understandin ya
These girl groups with they over protective managers
Got paparazzi over my shouldas clickin they cameras
Snap snap snap until they runnin outta card space
Remind me of tony's sister in scarface
Just take it easy on love and slow ya heart rate
Goodness gracious the top is just such a hard place
Yeah, but if you never even been there
It kinda makes sense why you dyin to pretend there
Spillin all your drinks and takin pictures in your
swimwear
Head up in the clouds you survivin on the thin air
i know that shit is exhausting girl
You know the stakes are costin girl
And maybe you dont need the help
But I just wanna see to it for myself

(Would You Love Me)
Oh would you love me, i say maybe
If it goes wrong would you leave me
Would you love me, i say maybe
If it goes wrong, would you stay or go

Baby.. everybody loves a summer day
(Everybody loves a summer day)
But can you trade the sun for just a rainy day
(Just a rainy day)
In the darkest hours love will find its way

Oh would you love me, i say maybe
If things goes wrong would you leave me
Would you love me, i say maybe
If it goes wrong, would you stay or go
