(G rard Blanc/F lix Landau/Sylvain Pauchard)

Shine baby shine  
Show us the way to new horizons  
Shine baby shine  
Show us your cosmic paradise  
Shine baby shine  
Show us the way to new horizons  
Shine baby shine  
Show us your cosmic paradise  
Shine baby shine  
Show us the way to new horizons  
Shine baby shine  
Show us your cosmic paradise

Last night I dreamed I was a star  
That died a million years ago  
Whose light kept shining clear and bright  
The whole world thought I was alive  
Last night I dreamed I was a star  
Whose picture hung on people's walls  
Who spoke to me and waived goodnight

Shine baby shine  
Show us the way to new horizons  
Shine baby shine  
Show us your cosmic paradise

Floating between sky and earth  
Floating in the universe  
Golden glitter from afar  
Yeah I dreamed I was a star

Shine baby shine  
Show us the way to new horizons  
Shine baby shine  
Show us your cosmic paradise

Last night I dreamed I was a star  
That died a million years ago  
Whose light kept shining clear and bright

The whole world thought I was alive  
Last night I dreamed I was a star  
Whose picture hung on people's walls  
Who spoke to me and waived goodnight

Shine baby shine  
Show us the way to new horizons  
Shine baby shine  
Show us your cosmic paradise.
