The night is warm and dry
Let's walk down by the harbor lights
Take off our shoes and socks go down on the rocks
and talk a while
You can roll another smoke, have a laugh and a joke
Be all bare feet and smiles

It's a good, good night Amelie
And I thank you for your time and I thank you for your
company
I don't feel strange being stranger and I don't feel like
being alone
So don't feel surprised if the look in my eyes tries to
follow you home
Amelie

The sun will rise and it will fall
This I can promise you but that's about all
I'd put the moon in my suitcase to remind me if only I
could
I'd trap these stars here in jam jars, set them free like
fireflies
In my back woods

It's a good, good night Amelie
And I thank you for your time and I thank you for your
company
I don't feel strange being stranger and I don't feel like
being alone
So don't feel surprised if the look in my eyes tries to
follow you home
Amelie
