Sometimes I try too hard  
Engaging your defence ain't smart  
I wish I could slow down

And show you lost is found - ohh  
Make you love the sound  
Of my voice singing  
For you only

When you say to me you know I am the one  
When you open up your heart to me  
Feels like nothing can go wrong

And I'll fight on

There is so much to win  
Even more than friends  
I stay believing  
And I keep dreaming

But when you say to me you know I am the one  
When you open up your heart to me  
Feels like nothing can go wrong  
Now I've finally reached the arms where I belong  
All the good intentions learned to fly  
Separated right from wrong

And I'll fight on  
Let me stay the 1 - oh ohh

I shook it off again  
Came back and fought another day  
How could I ever let go  
What I believe in..

But when you say to me you know I am the one  
When you open up your heart to me  
Feels like nothing can go wrong  
Now I've finally reached the arms where I belong  
All the good intentions learned to fly  
Separated right from wrong

And I'll fight on  
Let me stay the 1
