By The Time You Read This  
I Will Be Light Years Away  
High Pressure Is Building  
Compressing Calm I Leave Today

To Live The Rest Of My Days  
In A Chemical Haze  
Where The Only Problems I Face  
Are Those That Give Chase

Site Seeing Parallels  
I Was Always Meaning To Erase

It's An Ending I Want  
I Don't Care If It's Happy  
I'm Just Happy It Is There  
Wishing I Had Sometimes  
Been More In The Way  
Of Myself Being Paralyzed  
From The Look On Your Face

It's An Ending I Want  
I Don't Care If It's Happy  
I'm Just Happy It Is There
