Raindrops falling on the window pane  
A new skyline greets the day  
The bad day has gone  
The good day can come  
No more sorrow and pain  
The illusion to hold her hand  
The delusion to kiss her mouth  
Was destroyed on a sweet rainy day  
Was destroyed by the act of love

My bride has gone, my bride has gone  
I know she was the one  
My apology my denial, no time to cry  
My bride has gone, she has gone

On this sweet rainy day

No breath  
No heartbeat  
Cold eyes  
And no pain

Thousand eyes of the forest look at me  
Their testimony is dump  
The dirt covers her skin the dirt deformed her beauty  
No more memories of pain  
The dream to own her  
The dream to be her man  
Was destroyed on a sweet rainy day  
Was destroyed by the act of love

My bride has gone, my bride has gone  
I know she was the one  
My apology my denial, no time to cry  
My bride has gone, she has gone

On this sweet rainy day

Deep in earth abandoned Love  
And the memories come by  
I have been here before

Maybe I will come back tonight

My bride has gone...
