[Verse 1: Z-Ro]

When will it ever stop all this hatin and droppin soft  
all I'm tryna do is live lavish with millions in my vault  
now from selling crack on the corner I'm tryna do it  
legal  
but I guess there ain't no pleasin my people cause  
everything I do  
feel like somebody tellin me I want suceed  
but I'm a millionaire and I owe it all to the hatred I  
recieved  
motherfuckers that use to be down, ain't down no mo'  
my true partnas just can't be found no mo'  
therefore my motto is 'Fuck Friends', my only dogg is  
Benjamin Franklin  
take him away from me you gon' wind up stankin'  
I gotta family to feed so currency's what I need  
but the people I break bread with would rather see me  
bleed  
tryna take all of my fortune fuck my fame is forever  
and S.U.C I'm a claim it forever and I'm still down with  
the yella  
so fuck all of these bitches and bitch ass fella's  
and fuck a 4, it's a MT and a glock 50 foes is jealous

[Chorus: Z-Ro]

Too many niggaz tryna take me off of my game  
nigga in the hood didn't live so good now they all  
wanna jock my fame  
now when I'm comin down in my foreign  
and I'm rollin one deep that should tell you bout  
me(S.U.C)  
I don't give a damn about none of you hoes  
I blast on site cause I ain't trippin no mo'

[Verse 2: Z-Ro]

As soon as my mind's closed it's over and that's that  
'cause when they murdered my partner he didn't get to  
blast back  
is that the price to pay just to have nice things?  
and it's my life in danger because I have ice mayne  
it's ashame can't even sport our jewelry like we wanna

cause everytime we shine them jackers tryna creep up  
on us  
catch pistol case, after pistol case, ridin dirty  
Mr.Officer I'm not a killer just wanna see thirty  
cause boys be against me when I roll alone  
I get full of demon possessed when I'm holdin on  
I'm tryna make it, with this gangsta shit I ain't gon' fake  
it  
anything I murder I'll be damn if I'm gonna take it  
now days the ghetto version of Spundalay  
a nigga will run up in ya residents with the undelay,  
cold hearted  
just to get they fetti, bustin grains for a living  
disrespecting God's children bitch you made for a fifth

[Chorus]

[Verse 3: Z-Ro]

Too many motherfuckers so I'm a hate everybody I can  
hate  
and I don't give a fuck about nothin'  
fuck-a-nigga, fuck-a-bitch let me get that straight  
ain't no love I'm not ya blood or ya cuz nigga, bitch I'm  
a loner  
I'm a asshole by nature you can get with that, or leave it  
at this bitch  
the only company I need is weed  
and since I'm nervous take my pager I'm a make you  
bleed indeed  
I trust nothing-if I get a funny feeling I'm gon' be bustin'  
plus if my blood rushing it'll be more then a concussion  
from my (??) I see these red dots gonna cover you're  
brain  
nigga I got problems I can't cope-with murder scene to  
keep me sane  
one love, to my nigga Moe, and one love to my nigga  
Redd  
and one love, to my mothafuckin bread I'm a get that!

[Chorus] - repeat to end
