Chorus:

You got my body shaking

Sends a shiver to my soul

I didn't get no warning

You got me shaking to the bone

I got my secret weapon

I'm gonna get you all alone, yeah, yeah

So let your body lose control

I was the boy walking tough, king of the street

Believed in making my own destiny, yeah

Victim of love, I made a promise that I'd never be

Another one of love's fatalities

Rule number one was running wild and always running
free

Didn't need no luck, my guardian angel looking over
me

You passed me by, I got the vibe, left me in disbelief

Arrow to my heart at hurricane's velocity

You pierced my emotional armor

Bolt of lightning couldn't hit me harder

Repeat Chorus

Everybody say I aim too high, out of my league

I gotta step into reality, yeah

Different sides, different styles, certain tragedy

I got you in my sights, so please believe it's harmony

You pierced my emotional armor

Bolt of lightning couldn't hit me harder

Repeat Chorus

Rap:

This is simple as one, two, three

We've been drawn together by a love-power energy

I wanna be your lover

I wanna be your friend

I wanna be your lifetime, not just your weekend

Check, check it out, check it out, check it, check it out

I wanna be home boy, ain't no doubt

I wanna be your first choice, never let you down

Love, peace, I'm out of here, brothers

You pierced my emotional armor

Bolt of lightning couldn't hit me harder

Repeat Chorus to fade
