Don't go changing, rearranging

Don't go changing, rearranging

Hold on to a love sensation

If you ever go away

That would be my darkest day

We've been drawn together by love's chemistry

I was born to be by your side, sure as the river meets
the sea

We've only known each other for a little while, but
you're my destiny

I would move all heaven and earth just to set you free

In lover's liberty, inject the chemistry

That's gonna move you, never gonna loose you

Don't go changing, rearranging

Hold on to a love sensation

If you ever go away

That would be my darkest day

Lately I've been seeing a little doubt in your eyes

You used to call me every day

And say the things to keep me satisfied

I would move all heaven and earth just to set you free

In lover's liberty, inject the chemistry

That's gonna move you, never gonna loose you

Don't go changing, rearranging

Hold on to a love sensation

If you ever go away

That would be my darkest day

Don't go changing, rearranging

Hold on to a love sensation

There's a power every

That only flows from you to me
