Ooh...ooh...ooh...  
Ooh, yeah  
Can I share my story

One hotel in one city  
With one best friend, look what you did to me  
I got a clue from two phone calls  
Two separate times, you can't say s\*\*\* at all

Look what you've done to me, I must say it again  
You were my lover, you was my best friend  
Should I just let it go, forgive you of your sins  
It ain't worth it, it ain't worth it, no, no, no

What would you do if it happened to you (Will you  
break down, break down)  
Would you break down and cry 'cause it hurt you deep  
inside (I know it hurts)  
Would you walk away or do something crazy (It ain't  
worth it, no, no)  
It ain't worth it, no, it ain't worth it, no (You can  
live, yeah)

You can live, for tomorrow will bring  
A brighter day for you to see (Brighter day)  
Everything is gonna be alright (Yes, it is)  
(Whoa, everything will be alright)  
{Tell 'em what happened to me}

I was at the airport waitin' for my ride to come on  
And I decided to take my baby some roses home now  
Stopped at the telephone to tell her to have on  
something sweet  
Nobody answered the phone, so I guess my baby was  
sleep

As I drove up to the crib, I could tell something  
wasn't right  
I heard music playin' and I saw candlelight now  
There was a shadow of another man  
He was holdin' her in his hands, oh...oh...

What would you do {What would you do} if it happened  
to you {Happened to you}  
Would you break down and cry {Oh} 'cause it hurt you  
deep inside {Hurt you}  
Would you walk away {Walk away} or do something  
crazy  
{Said I don't know}  
It ain't worth it, no, it ain't worth it, no (Oh, you  
can live, yeah)

You can live, for tomorrow will bring  
A brighter day for you to see (Uh-huh)  
Everything is gonna be alright (It's gonna be alright,  
gonna be alright, yeah)  
( 'Cause everything will be alright)

When every situation  
You've got to think things through  
Family and friend who love you  
They can help (Yes, they can) you make it through  
(Oh...oh...oh...)

Go on and hold your head up  
'Cause everything is gonna be alright  
Oh, there's gonna be more brighter days  
If you live your life, what would you do

What would you do if it happened to you (Would you  
break down and cry)  
Would you break down and cry 'cause it hurt you deep  
inside  
Would you walk away (Or do something crazy, yeah) or  
do something crazy  
It ain't worth it, no, it ain't worth it, no (It ain't  
worth it, no)

You can live (You can live, yeah, yeah), for tomorrow  
will bring  
A brighter day for you to see  
Everything is gonna be alright (Alright)  
(Whoa, everything will be alright)

What would you do if it happened to you (Yeah)  
Would you break down and cry (Break down and cry)  
'cause it hurt you deep inside  
Would you walk away (Walk away, baby) or do  
something  
crazy (Oh...ho...)  
It ain't worth it, no, it ain't worth it, no (No, it  
ain't, no)

You can live, for tomorrow will bring  
A brighter day for you to see  
Everything is gonna be alright
