You were the girl, the girl that no-one ever really knew  
I was the one, the one I thought you cared about  
I thought it was the only love that ever existed  
Maybe I'm only dreaming about you  
You never ever really cared

Telephone, the only bridge onto the isle of you  
Isle of love, too late to say I cared for you  
I thought it was the only love that ever existed  
Maybe I've got it wrong about you  
A never ending run-around

Now I'm standing on the other side, the other side from  
you  
Why'd you ever go and leave me all alone, feelin'  
blue  
Now I'm standing on the other side, the other side from  
you  
Why'd you ever go and leave me all alone, feelin'  
blue

Alone on the road, the static crackles on my radio  
Oh If I could, I'd sing a song of love for you  
I thought it was the only love that ever existed  
Maybe I'm only dreaming about you  
You never ever really cared

Now I'm standing on the other side, the other side from  
you  
Why'd you ever go and leave me all alone, feelin'  
blue  
Now I'm standing on the other side, the other side from  
you  
Why'd you ever go and leave me all alone, feelin'  
blue

You were the girl, the girl that no-one ever really knew  
I was the one, the one I thought you cared about  
I thought it was the only love that ever existed  
Maybe I'm only dreaming about you  
A never ending run-around

Now I'm standing on the other side, the other side from  
you  
Why'd you ever go and leave me a-all alone, feelin'  
blue-ue  
Now I'm standing on the other side, the other side from  
you  
Why'd you ever go and leave me a-all alone, feelin'  
blue-ue  
Fee-eelin' blue, feelin' blue-ue  
Standing
