"Vomiting bitter tears of disgust
Four eyes fly through the dark
Where they hide from a blinding light
Master of the slave domains"

As strange as it might sound to the ears of a poor in
spirit
There, our eyes are able to see

"And the trail of tears on their cheeks
Announces the dawn a revolution
The more you suffer
The more you enjoy your...

... revenge"

Betrayed by an underrace
We are not part of that flock
No!
Our bodies and souls are the incarnation of
"Der ?bermensch"

Negation of a wrong construction
Recreation after destruction

Let Reason teach us
The meaning of this tide of decadence
Knowledge as pleasure and aim
Is the curtain protecting us from the sunlight

Betrayed by an underrace
We are not part of that flock
No!
Our bodies and souls are the incarnation of
"Der ?bermensch"

No pity for the weak
No pity for the failures

Tired of these last dead millenniums
The human race shall separate

The troops of the Elite shall rise
As the white lambs shall be swallowed by the earth
