How can you ask me to fall with you?

I could fall into your spirit
If you would let me go down to the ground
I'd wait for you to come around
I would fall into your life
If you let me spend more than a day with you
This is what I'm trying to do

Now you're standing there
And the tears are falling down
Prove what you are saying
Prove it and work for our dreams

How can you ask me to fall with you
When you're not even there when I need you?
I climb the mountain, I reach out for the top
A bunch of people waiting there
But you, you're not around

I need to lay down that burden, that waiting room you
locked me in
And I'm not sure if you are locked in too
What do you mean: "Where should we go?
Will we reach the end of the road?"
I'm so tired of the water game, thirsting for real water

(Now you're standing there) You're standing there
(Tears are falling down) Tears are falling down
(Prove what you are saying) Prove
(Prove it and work) For our dreams

(How can you ask me to fall?)
Ask me how to fall with you, 'cause I need you
(I climb the mountain, I reach out)
I climb the mountain, I reach out for the top
But you, you're not, not around

You are not around
How can you ask me to fall with you?
