I pinch myself, sometimes to make sure I'm not in a
dream
That's how it seems
I close my eyes and breathe in the sweetest moments
I've ever known,
And it feels like home
But who am i?
Not much of anything and there you are,
Turning winter into spring

[Chorus:]

Everyone sees you, always wants to know you
And everyone who knows you,
Always has a smile,
You're standing ovation,
After years of waiting for a chance to shine
Everyone calls you amazing, yeah,
I just call you mine.

I fall apart and just a word from you
Somehow seems to fix, whatever's wrong.
You reach into the weakest moments
And remind me that I'm strong,
You gotta know, I'd be a fool not to see or even worse
to forget,
You're more than I deserve..

[Chorus:]

And everyone sees you, always wants to know you
And everyone who knows you,
Always has a smile.
You're standing ovation,
After years of waiting for a chance to shine
Everyone calls you amazing, yes they do,
But I just call you mine.

Nothing makes sense when you're not here,
It's like my whole world disappears,
Without you what's the point of anything ..

[Chorus:]

And everyone sees you, always wants to know you
And everyone who knows you,
Always has a smile.
You're standing ovation,
After years of waiting for a chance to shine
Everyone calls you amazing, yes they do,
I just call you mine,
I just call you mine.
