[Chorus]

'Cause we smoke so much
Ooh ooh, ooh ooh

[Snoop]

Get a bitch, got a bitch
Hang out with the D-O Double girl be a part of this
Now hang up your coat
Blaze the dope, never messin' a stroke (yay yeahi)
Now this here is a tapeda
You ever seen a stretch Lear Jet two seata (no)
It ain't what you want, it's what you needa
Real ass nigga to help you kick your feet up (yeah)
Now flip the channel to Lifetime
You stay on my mind even when I'm writin' rhymes
We can chill all day until the nighttime (nighttime)

I say "Go" you say "No", go

[Chorus]

[Snoop]

Have a drink, have a toast

And we don't wait until the first of the month
We never hesitate to blow a hundred-dollar blunt
