there's nothing I can do to heal you
if you let it all begin
there's nothing I can do to please you

if I could run along beside you
never stop to look around
i would probably see the world through your eyes

and you say you have to be there
cause you feel so ordinary
but you know how much you need me
when the sadness comes for you
and I know you feel
the weight that's on your back
can get you through
when lost is all you have
when lost is all you have

how many years have you forgotten
have you ever been awake
something is gone cause you're not open

I never believed I'd find your heart here
the end is something new
I never believed I had to go there
I never believed I had to go there

and you say you have to be there
cause you feel so ordinary
but you know how much you need me
when the sadness comes for you
and I know you feel
the weight that's on your back
can get you through
when lost is all you have
when lost is all you have

when all you do is wrong
when all you feel is wrong
if I could dream away

when all you do is wrong
when all you feel is wrong
if I could dream away
if I could dream away

when all you do is wrong
when all you feel is wrong
if I could dream away
if I could dream away
if I could dream away
