cannot believe it
I've heard all your stories,
I've read every page
of your good book and your balance book
And I just can't see what you need from me
So, do not judge this soul
Based on the time that I spend in your temple
Get off my T.V.
Don't need 1-800 to be free

Because He's got my heart
And I know that he needs nothing more from me
He's got my soul and it's all he needs
My fellowship is one
All I need is inside
Fellowship is one...

Reverend Deceiver,
High in you tower needing my money to live
Then I say that you can die,
For I do not agree that He needs my silver

He's got my heart
I know that he needs nothing more
I await His call.... ali ali in come free
Fellowship is one
All I need is inside
Fellowship of one

Reverend Deceiver,
Need my money to live
In your tower above
Your bronze praying hands
Should've been bigger, should've been bigger
Maybe then he could hear you clearly
Softly and tenderly, somebody speaking
somebody crying, somebody bleeding
Get off my T.V.
For I do not believe that he needs my silver

He's got my heart

I know that He needs nothing more from me
I await the call...ali Allah in come free

Fellowship is one
All I need is inside
Fellowship of one

Get on this Fellowship
Should've been bigger
Should've been bigger
All I need is inside.
