Can I stay my princess love
This is where your feeling was
Holding back ...?... memory
Of a sunrise you've never seen
And I'm sorry I... never felt... any way
A part of me is holdin' on
With you always til time is gone
Some say distance is comforting
Let them walk awhile with me
And I'm sorry I... never saw... this way
Now I'm standing here... wide awake
I would run through darkness and
I would walk a policy
In search of answers for your feeling
Your lips move but I can't hear what your saying
And I'm sorry I never saw what you had become
On the surface words try me
To ease the hurting and cool the fire
The rolling clouds feed the storm
Feel the empty heart that time has worn
And I'm sorry I... saw you this way
Now I'm standing here and I'm wide... awake... and I
see you
Part of me is holdin' on
With you always til time is gone
Some say distance is comforting
Let them walk... for awhile with me
Now I'm sorry I... saw you...
Now I'm standing here and I'm wide awake... and I see
you
