We used to be friends
but now were enemies, uh-u
You said you had suspicions
that my woman was cheating on me
I never thought that you would be
the one who wanna break us up and

I was blind, now I see and I got ur ass all stressed out
yeah
You didn't know for sure If my woman and me was
dating any more so ..
you called her up and told her that I was sleeping with
your sister and that's an old fact
They said another man that you treat a woman better
than any other man

I can't believe you are doing this to me-e
why why why why why
Why are you so cold with it, yeah.
And lie-e , always thought you were my friend.

Why why why, why why
Why are you cold with it, yeah.
And lie-e , always thought you were my friend
til' the end.

Now you say you're sorry
for all the pain you've caused, hm!
You say you never ment to hurt me
but yeah a part of it is all of my fault
you thought I didn't love her
You thought I didn't care
Like I'm supposed to tell u
Every time I run my fingers through her hair
yeah

You didn't know for sure If my woman and me was
dating any more so ..
you called her up and told her that I was sleeping with
your sister and that's an old fact
They said another man that you treat a woman better

than any other man
I can't believe you could do this to me-e

Why why why, why why why
Why are you so cool with it, yeah.
And lie-e , always thought you were my friend

Why why why, why why why
Why are you so cool with it, yeah.
And lie-e , always thought you were my friend
til' the end.

Too the end,
too the end
too the end.
