Can you Feel this?
Can you feel this between us?
Can you feel this?
Cand you feel this between us?

The light bends around your cheek
Traces every move you make
The earth swells unto your feet
Follows every step you take towards me
Suddenly I believe in you
And suddenly

Can you feel this?
Can you feel this between us?
Can you feel this?
Can you feel this between us?
Can you feel this?
Can you feel this between us?
Can you feel this?
can you feel this between us?

The light bends around your cheek
Traces every move you make
The earth swells unto your feet
Follows every step you take towards me
and Suddenly I believe in you
And suddenly

Can you feel this?
Can you feel this between us?
Can you feel this?
Can you feel this between us?
Can you feel this?
Can you feel this between us?
Can you feel this?
can you feel this between us?

[Guitar Solo]

And we are,bending light in new directions

Can you feel this?
Can you feel this between us?
Can you feel this?
Can you feel this between us?
Can you feel this?
As the day falls around you
Can you feel this?
Tomorrow is calling
