I won't forget you  
I won't forget you

I won't forget you  
I'll find you on the shore  
You're rooted in a dying ocean  
All of your silence  
Rang like a storm of bells  
It's been too long  
Did you get to face the crowd

Down on your knees  
Your conscious biting  
Disarray, your heart has fallen  
And all your work has been forgotten  
To all you were  
You know who you are  
You know who you are

I won't forget you  
I'll find you on the shore  
You're rooted in a dying ocean  
All of your silence  
Rang like a storm of bells  
It's been too long  
Did you get to face the crowd

Down on your knees  
Your conscious biting  
Disarray, your heart has fallen  
And all you were has been forgotten  
To all you were  
You know who you are  
You know who you are

And i won't forget you (i won't forget you)  
And i won't forget you (i won't forget you)  
And i won't forget you (i won't forget you)  
And i won't forget you (forget you)

You know who you are

You know who you are

I won't forget you  
I'll find you on the shore  
You're rooted in a dying ocean  
All of your silence  
Rang like a storm of bells  
It's been too long  
Did you get to face the crowd

I won't forget you  
I won't forget you  
Did you get to face the crowd
