You're a wannabe, if you wanna be cool
But you gonna be what you wanna be and you
Have to do all, what your mind says
Be a weird guy even if they cry Don't try to do, what
those guys say, if you don't like it
Nothing's wrong, nothing is cruel it's only stupid to do
What you don't like to do
Find out, what your aim is
Please don't be remiss and do it now

And you're a king for just one day
You're a queen just start to sway
You're a fool if you delay
Just change your mind

Don't you wanna see, what you have to make First you
just take a brake
From everything you usually do although you don't
really want it you your life is much too short
give it a real support and make a start today you've got
no time to waste this is my message. Do you think you've
got it
oh, I see you like to be a rude girl
all your doubts must vanish. I'm sure then you'll get it
I really hope you'll get it now

So are you weak or strong
It might be gorgeous, might be great
If you could find your calling you'll agree
Life just could supply your funky needs
