Load up all your friends man I'm trippin' like a
fuckhead
Bore us all again with your drivel kill the big dead
Breathe in, breathe out you little fuck
Seething so like a motherfuck
Once again, man your drivel killed the big dead, alright

Feel so down, so, that's alright, that's alright

Come on over brother, man we'll burn try my new juice
Maybe bring another, I'll break out the new noose
There's something I missed, it's not on the list
I never learn, I'm so in love with this
Once again man your drivel killed the big dead

I feel so down, so very down
It gets you down, so, that's alright
Treat me like a fucker
I feel so down, so very down

Say that you never wanna get high, man
There's nothin' better, give it a try, man
Say that you wanna never get high, man
There's nothin' better, give it a try, man

You never learn, you're so in love with this, man
You never learn, you're so in love with this
You never learn, you're so in love with this, man
You never learn, you're so in love with this, man

Feel so down, so very high
It gets you down, so that's alright

That's alright, that's alright, that's alright, that's alright
That's alright, that's alright, that's alright
